

**Third Substantial Amendment to the
48th Program Year (2022-23) Housing and Community Development Consolidated Annual Plan (48-03):
Reprogramming for the Community Development Block Grant (CDBG)**

Purpose

In accordance with the Code of Federal Regulations (found under 24 CFR Parts 91.105 and 91.505), and the City's Citizen Participation Plan, the City of Los Angeles provides the public with an opportunity to comment on all proposed Substantial Amendments to its Housing and Community Development Consolidated Annual Plan (Con Plan). The City wishes to notify the public of a substantial amendment to its 48th Program Year (PY 48) 2022-23 Con Plan.

A 30-day public comment period will provide the public with an opportunity to review and comment on this proposed PY 48 amendment, beginning about July 12, 2023 and ending on August 11, 2023.

Proposed Changes - Community Development Block Grant (CDBG)

In order for the City to accelerate spending of CDBG funding in accordance with federal regulations, funding for projects with significant delays will be reprogrammed to projects that are expected to spend much sooner. Mostly due to the COVID-19 pandemic, the City has not complied with annual federal requirements for spending CDBG the past three years, and continued non-compliance will trigger corrective processes that can include punitive measures from the federal government in the form of fund recapture. Proposed changes are listed in Table 1. The changes below encompass a leaking or failing roof needing replacement due to winter storms, current Americans with Disability Act (ADA) improvements needed to ensure accessibility, and projects needing additional funds due to rising construction costs in order to be completed.

Funding from prior years is available to support the proposed new projects in the total amount of \$1,928,925 in savings from projects funded in prior years that are completed or that can no longer use the funds allocated to them.
